Supplier Details

Licensor: Innovative Learning Technologies Ltd for TeacherMatic, 128, City Road, London, EC1V 2NX

Product Description

TeacherMatic is an AI toolkit that supports educators, lecturers and managers with ethics and safety at its core.

TeacherMatic contains over 150+ AI generators which include lesson plans, schemes of work, rubrics, quizzes, presentation slides and feedback with grading of student work. Generate detailed lesson, lecture and seminar plans with objectives, outcomes, and activities.

Click the below video for a 10 minute overview of TeacherMatic:

Tools for management within TeacherMatic includes newsletters, policy documents, meeting summaries and HR related needs.

TeacherMatic software can convert transcripts and documents into teaching materials. It also contains an AI generator called Chat with TeacherMatic which facilitates custom tasks and creative support.

Several AI generators support the ability to create ready-made teaching resources based on text, images and PDFs. Materials can export to Word, PDF or LMS formats.

TeacherMatic is powered by a select number of large language models but has been designed by a team of teachers and institutional staff to ensure that every response is highly relevant to the educational field, from primary school through to higher education settings.
