NAG 2020

NAG

Available to purchase until 31/07/2025

Numerical Algorithms Group. NAG produces and distributes numerical, symbolic, statistical, visualisation and simulation software for the solution of problems in a wide range of applications in areas including science, engineering, financial analysis and research.

Key Facts

Benefits

- Site or departmental licence
- Simplified “per operating system” licensing model
- Fixed pricing for three or five years

Important Dates

Agreement start: 1 August 2020

Agreement end: 31 July 2025

Invoice date: 1 May or (1 February for "Early Bird" sites)

Commitment Period

Institutions may join the agreement from the date of joining until 31 July 2023 or until 31 July 2025. Sites licensed until 31 July 2023 can extend their licence for a further two years from 1 August 2023 to 31 July 2025.

Eligible Institutions

Higher and Further Education and Research Councils in the United Kingdom, and Universities and Colleges of Further Education in the Republic of Ireland.

Other organisations aligned with Jisc’s charitable objectives of supporting education, research bodies and the public sector may ask to participate in the Agreement. Chest will liaise with the Supplier about any such requests.

Background Information

This long established Chest Agreement has been renewed for five more years to support the many sites that use NAG’s software products.

Product Information

Supplier Details

Owner: The Numerical Algorithms Group Ltd, registered in England and Wales (company number 1249803), whose registered office is Wilkinson House, Jordan Hill Road, Oxford, OX2 8DR
Product and Services News from NAG

The **NAG Library** gives academic staff and students access to over 1,900+ high quality mathematically and statistically routines from the language or environment of their choice (e.g. C/C++, C#/.NET, Python, Java, Fortran, MATLAB, VBA/Excel, …). These can be accessed from University and personal computers for academic use.

The NAG Library is now at Mark 27 - Recent **major additions** include

- Second Order Cone Programming (SOCP) [Mini Article, Technical Poster & GitHub Examples](#)
- Derivate-free Optimization Solver for Calibration Problems [Technical Poster & Mini Article](#)
- Nearest Correlation Matrix [Technical Poster, GitHub Examples & Mini Article](#)
- Randomized Numerical Linear Algebra (RNLA) Algorithms
- Non-negative Matrix Factorization for Analysing High-dimensional Datasets [Slide Deck & GitHub Examples](#)

The **NAG Fortran Compiler** is considered the world’s bested checking Fortran Compiler, speeding your development of high quality compliant/portable Fortran code. It continues to progress and support the latest Fortran Standards available for Linux, Windows and Mac o/s and includes the Fortran Builder (GUI interface) on Windows.

Download the latest versions from [here](#)

**Available NAG Resources**

- Contacting NAG Technical Support;
- Technical report repository and posters;
- Webinar repository;
- NAG Github (includes lots of Python code examples and more);
- NAGnews;
- NAG Blog;
- NAG HPC consultants (if included in your selected NAG package).

NAG continues to collaborate with academics

- NAG experts regularly visit education sites to deliver training for our products as well give non-product related HPC training courses such as MPI, OpenMP, Fortran and CUDA
- NAG is actively involved with several UK Universities with partnerships for KTPs, Doctoral Centres, MSc projects and more

NAG is a not for profit organisation with roots firmly planted in industrial, academic and research collaborations.

---

Service and Support

Trials

Free 30 day evaluation trials are available. Please contact Chest Help

Product Documentation

Product documentation may be downloaded from here.

Training and Training Materials

Product Training is available from NAG.

Sites licensing NAG Software under the 'GOLD' option are entitled to 1 or 2 days HPC and Software Training from NAG per year. The provision of such courses is subject to trainer availability and. Travel and subsistence costs are chargeable.

Details of current NAG Product Training and HPC and Software Training can be found here.

Technical Support

Sites holding site-wide licences are entitled to up to a maximum of twelve Technical Contacts.

Sites holding department licences are entitled to two Technical Contacts.

Telephone support will be provided by NAG to the designated Technical Contact(s) or his/her deputy(ies).

NAG Contact Details:

- Switchboard: 01865 511 245
- Technical Support: support@nag.co.uk
- Account Manager: Catherine Julian
- Phone: 01865 511245 (Direct Line)
- Fax: 01865 310139
- Email: catherine.julian@nag.co.uk
- Address: The Numerical Algorithms Group Ltd
  Wilkinson House
  Jordan Hill Road
  Oxford
  OX2 8DR

On-site support will be provided, upon request. For current charges contact NAG. NAG will provide consultancy support, as requested on a chargeable basis.

The software is controlled by licence keys. New keys are issued by the NAG Response Centre support@nag.co.uk

Supplier Web Address

Supplier home page: www.nag.co.uk

System releases, new versions and functionality

One copy of system releases and/or new versions and/or new supporting documentation will be sent by NAG to Licensed Sites as and when they become commercially available.

Platforms
Windows (32 and 64 bit), Linux (including 64-bit), Solaris, Mac OS X.

Hardware requirements are available from NAG.

Method of delivery of product

Software is delivered via electronic download. The software is controlled by licence keys. New keys are issued by the NAG.

Response Centre support@nag.co.uk.

Terms and Conditions

The Chest Order, together with the Licence Terms and Conditions, and any exceptions listed below, create a legally binding contract between your institution, organisation or company and the Licensor. Therefore please read the terms and conditions carefully and only submit a Chest Order if its terms and conditions are acceptable to your institution, organisation or company and you have the authority to make the financial commitment shown.

Licence Type

This Site licence is subject to the terms and conditions for the Standard Chest Licence for Software.

Payment Terms

Licences are of three or five years duration, commencing 1 August 2020. Sites joining the agreement after this date may have their first year’s fee pro-rated so that their anniversary date is August - in this instance please contact Chest Help.

Sites licensed until 31 July 2023 can extend their licence for a further two years from 1 August 2023 to 31 July 2025.

For the subsequent years, Sites will be invoiced three months in advance of the anniversary date of this Agreement (1 May).

Chest is an Enterprise of Jisc. All Purchase orders must be made out to Jisc, 4 Portwall Lane, Bristol, BS1 6NB to cover all charges plus VAT.

All terms contained in a PO are expressly rejected and do not form part of the Licence or vary the Licence terms in any way.

Payments are due within thirty days of invoice date; recipients of late payments are entitled to interest in accordance with UK statutory provisions.

Termination Clauses

At the end of the Licence Period, unless a further Licence Period is entered into, Licensee must cease all use of the Licensed Product and de-install and destroy all copies in its possession.

Location and Use Permissions

The product(s) may be used by any Authorised User of the Licensee for Educational Purposes which includes the administration and management of the licensee’s educational and research operations. These permissions are described in the terms and conditions for the Standard Chest Licence for Software.

</table>

**Department Licences**

Institutions may choose to purchase a Department rather than a Site Licence by ticking the appropriate below box:

- **A single operating system** Department Licence is 60% of the single operating system site licence fee.
- **Two or more operating systems** Department Licence is 50% of the relevant multi-operating system site licence fee.

**Early Bird**

The Early Bird initiative allows sites to enjoy 5% off these prices, subject to them submitting their initial order by the 31 March and payment being received by Jisc by the 30 April. In future years Early Bird sites will be invoiced in February and payment must be received by 30 April, otherwise sites will be re-invoiced for the full (non Early Bird) price.

**Operating Systems**

When ordering your product you will select the number of Operating Systems you require. Please use the below table to select the specific Operating Systems you are ordering for. Please be sure the number you select in the OS table corresponds with the number in your product order.
