The SAM Challenges and Opportunities of Cloud Computing in Education

Blog Piece: One year and three lockdowns later, universities, colleges and schools have had to embrace online learning. Now that in the UK schools have largely reopened again for the majority of pupils, what role will cloud technology play in the future of education?

The pandemic certainly brought to everyone's attention the digital options available to support learning, and one of the strongest themes emerging is that cloud technology is making quality education available to more people. License Dashboard's Analyst Review At ITAM Review

"License Dashboard Portal, is the standout highlight of this product and puts it significantly ahead of many of its competitors." – AJ Witt, The ITAM Review

License Dashboard is delighted to have had its ITAM toolset appraised for the third time by ITAM Review. Since the first review in 2012, the platform has continuously been developed and has evolved into a comprehensive ITAM solution to meet the growing demands of maturing ITAM roles. License Manager and License Dashboard Portal (LD Portal) enables SAM Managers to become a strategic partner for C-Suite decision-makers. **Original article on License Dashboard website, [find the article here](#).**

"It is best-in-class and sets a benchmark for other ITAM toolsets." – AJ Witt, The ITAM Review
